“I loved the teamwork, and I feel like I got a lot out of this week that will help me in the future.”

*“This has been one of my favorite experiences in High School. I had so much fun working with my peers in designing, creating, and presenting our company and product to others.”*

“I learned how important it is to branch out and explore careers outside your comfort zone.”

“I was in quarantine for the first 3 days but was still very included during that time. My advisors & classmates were helpful and kept me up to date on everything, and I felt as if I still got the experience to learn and participate.”

*“I had an amazing time leading my team, and will never forget the experiences and memories me and my team made this week.”*

**“I learned you are always going to work with a variety of different people, you just need to figure out how to work together successfully.”**

“I discovered what being in business is truly about.”

*“Our advisors were very supportive of us throughout this whole event. They would help when we asked, and encouraging when we struggled. I doubt we would've been as successful without them.”*

**“My team went from strangers to family.”**

**“This week was helpful to see my strengths and weaknesses.”**

*“I loved every aspect of this week. The speakers were amazing and really beneficial to the individual meetings and work. The financial side was fun to dive into, I’m not that good at math so it was fun to learn about an aspect of math that was easy to learn. I liked the teamwork, the creativeness, and the competitive aspects.”*
