COMMENTS

“I thoroughly enjoyed this experience and truly hope I get the opportunity to do this again. I loved creating a bond with the students and assisting them on their critical thinking and decision-making skills. It was such a fun week that I will always remember.”

“I was able to work with students that I have never had in my own classes. It was exciting to meet them and see them in a different capacity. I also enjoyed watching how much my team grew in confidence from the beginning of the trade show until the end. They were very nervous and scared when it started but by the end they were all speaking to the guests and potential customers.”

“I saw kids that were not in the same social groups work very well together. I also noticed multiple kids becoming more confident in their work as the week went on. I really enjoyed working with my group.”

“I always enjoy Business Week, and how much the students learn about team work.”

“I love watching the kids come together! They were so supportive of each other.”

“The whole experience for me was rewarding! The students would ask for my genuine advice and expertise, and it was really awesome watching them learn from me and apply it to what they were doing/ thinking.”

“The school district did a great job dividing the kids in my group to utilize their strengths.”

“It’s always fun to watch the kids embrace all the work they’ve put in and watch their friends and family members enjoy and be proud.”

“I loved seeing students demonstrate public speaking skills, problem solving, sell, and demonstrate critical skills that they do not always have an opportunity to in the school setting.”

“This week helped students get a better understanding of how real businesses operate before they enter the real world.”

COMMENTS

“Business Week was a great experience to really show me and my teammates what it takes in the real world.”

“I learned to communicate effectively, to be professional and respectful, and I learned that I’m good at Information Technology(IT).”

“As someone who isn’t always very social, this was an amazing opportunity to connect to my peers and work together for a collective cause. I genuinely enjoyed this far more than I thought I would.”

“I learned that just because we are kids, doesn't mean we can't make a big change in this economy.”

“I learned how to be a leader and how to manage my time.”

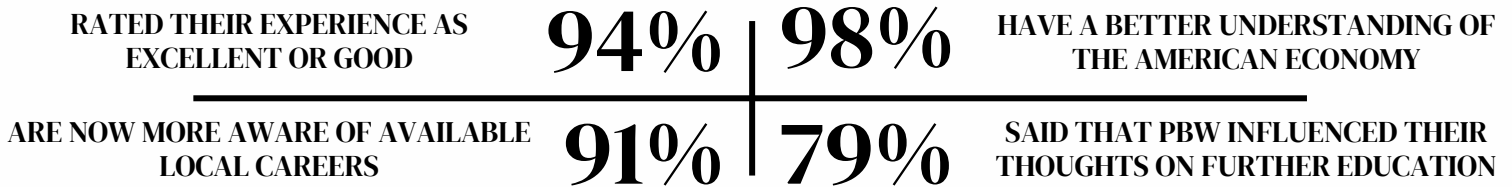

“Our advisors were great. They were good at explaining things and helping out with confirmation of ideas.”

“I learned about the important life skills involved with budgeting and team work in order to achieve a common goal.”

“I discovered that everyone has their own thing to contribute, you just have to find that special skill.”

“I learned how important it is to communicate with your team, even if you need to tell them you made a mistake.”
