COMMENTS

“Business Week is a great way for students to be thrown into real world situations, no matter what field they may be planning to go into.”

“The simulation and organizational structure of the program helped students feel like they were a part of a functioning business.”

“Being an advisor is one of the highlights of my year, hands down! Working with the seniors, watching them grow during the week at an accelerated pace is so, so worth it! I will be there again in 2026!”

“The speaker on public speaking was great. Having the kids get up and try out talking with one person got their juices flowing early and started to get them thinking about how they needed to present themselves in front of the judges.”

“Our financial team worked amazingly all week and independently!”

“This gave the opportunity for students to be creative. I enjoyed getting to watch all of the live commercials at the end of Friday.”

“I saw students who never spoke to each other in school, working together for a common goal. It is refreshing and great to see this kind of social interaction amongst the kids.”

“I was favorably impressed with how the students took the activity seriously and worked as a team to complete tasks.”
