“It was a wonderful experience. I really enjoyed the combined schools as I feel the students really tried hard to take home the trophy and bragging rights.”

*“My most rewarding experience of the week was watching students announce their RONA score after each quarter. My team would run up and wait for everyone to be in the room and announce their score which was most always accompanied by a cheer. It was amazing to see their happiness.”*

*I loved seeing our CEO command the room among his peers and confidently hold everyone accountable when discussions started drifting off task.”*

**“This is a unique experience that shows students how working for a company can be challenging and rewarding.”**

“The speakers invited to the school are the best. Always inspirational and I believe they get their points across to the students.”

***“This is a very fun and beneficial week for students to not only work with classmates, but to do something that they do not get the chance to do in their home school.”***

“This is a big deal for a lot of kids. I have witnessed several light bulb moments when the students realize that business is for them.”

**“It was another awesome week!! Again, having three schools in one competition made it more competitive and showed more school spirit.”**

*“I enjoyed how my students jumped in feet first - they were enthusiastic from the get-go and I loved seeing it.”*

“I look forward to this week all year. Loved having all three schools together.”

**This program is amazing and every school should have it.”**
